EDUCATION

B.TECH-COMPUTER SCIENCE AND BUSINESS SYSTEMS (2021-2025)

PSNA College of Engineering and Technology,Dindigul

CGPA:8.35

PROFESSIONAL EXPERIENCE

Completed internships in Embedded System Design and IoT at Pantech Solutions, Madurai, and Web Development at Octanet Services Pvt. Ltd., gaining hands-on experience in hardware integration and full-stack web technologies.

PROJECTS

TRAVEL WEBSITE:

Developed a responsive and dynamic web application using React.js, Vite, and Tailwind CSS, featuring interactive destination listings, search functionality, and a modern user-friendly interface.

FOOD DELIVERY WEBSITE:

Developed a full-stack web application using the MERN Stack (MongoDB, Express.js, React.js, Node.js) with Vite and Tailwind CSS, featuring user authentication, restaurant and menu management, cart functionality, and real-time order tracking for seamless food ordering.

IoT ENABLED SMART SAFETY FOR SANITARY WORKERS :

Developed a wearable IoT-based safety device for sanitary workers to monitor health and environmental conditions. Integrated sensors for temperature, humidity, and hazardous gas detection with real-time alerts via buzzer, vibration, and LED indicators.

TECHNICAL SKILLS

PROGRAMMING LANGUAGES:

JAVA, PYTHON

WEB TECHNOLOGIES:

HTML, CSS, JAVASCRIPT, REACT.JS, NODE.JS

FRAMEWORKS:

EXPRESS.JS, VITE, TAILWIND CSS

DATABASE:

MYSQL, MONGODB

CERTIFICATIONS

Google Cloud (Coursera): Cloud Engineer Prep, Compute Engine Architecture

UiPath Academy: RPA Developer Foundation, Intro to RPA

LinkedIn Learning: AWS ML – Data Engineering, Azure Fundamentals

Cisco: Python Essentials 1 & 2, Cyber Security

ICT Academy: Azure AI Engineer Associate

Celonis: Process Mining Fundamentals, Deliver Business Value with Celonis

ACHIEVEMENTS

Premium Milestone Achiever – Google Cloud Arcade (June 2024) Completed 20 Skill Badges & 23 Arcade Badges; received exclusive Google swags
